Mr. Hyrum Karren was born July 6, 1844 in Nauvoo and came to Utah in the year 1850. Mrs. Landly Wisner Karren was born January 17, 1847, in the city of Winter Quarters, now called Florence. She came to Utah in the year 1848 with President Kimball's company.

Mr. and Mrs. Karren were married December 30, 1865 in the Salt Lake Endowment house. They resided in Franklin for a while; from there they moved to Richmond where their sons George and F. S., their daughter Bell, were born. They then moved to Lewiston where Fred, Nina, Lydia and Viola were born.

Mr. Karren had to go to the canyon freighting, and had to leave his wife and family alone to battle the hardships brought about by the failure of crops.

They both took an active part in building up the First ward of Lewiston. When the wards were divided and they were changed to the Third ward, they also played their part, both in building up financially and in a religious way. As a reward Mr. and Mrs. Karren in their old age enjoy the best of health.

## NATIONS ACCLAIMED GENIUS OF BERNHARDT, WORLD'S GREATEST ACTRESS

Mme. Sarah Bernhardt, the greatest actress of the world in the last quarter of the nineteenth century and the beginning of the twentieth century, was born, according to the common belief, although the records of her birth were destroyed in the commune, on Oct. 2, 1844. Her debut as an actress was made in a minor part in the Comedie Francaise. Years of hard work at her profession followed. Her triumphs in England and in France, her conquest of the United States and finally the rich fruition of her farewell tours in this and other countries are parts of her long theatrical career. In 1914 she received the cross of the Legion of Honor after the matter of giving it to her had been discussed for thirty years. Her illness, in which she suffered the loss of one of her lower limbs, engaged the sympathetic attention of the entire world.

## APPRECIATION FOR SERVICE RENDERED BY POWER COMPANY

Hyrum and Logan Plants Incapacitated on Account of Extreme Low Water Conditions

The way in which the Utah Power & Light Company responded to the distress signal of the officials of Logan City and Hyrum City, in the recent trouble occasioned by the shortage of water, incapacitating the municipal light plants of these two cities to supply the proper service to their patrons, should not go by without giving a word of commendation to the officials of this company for the quick response in supplying the needed power to make the service of the municipal plants go on uninterrupted.

On December 31, a communication from the Hyrum City signed by Mayor John Jensen and Mayor-elect H. H. Jensen, was received by E. R. Owen, local manager for the Utah Power & Light Co., stating "that on account of the extreme shortage of water at this season of the year, the municipal plant at Hyrum was unable to give its patrons satisfactory service." A request was made that the Utah Power & Light Company deliver on the city lines, at or near the Blacksmith Fork Plant, an amount of energy that would be required to supply the wants of the customers. Within six hours after this communication was received at

the local office, the Utah Power & Light Company, true to its slogan, "Efficient Public Service," had supplied the deficiency of the Hyrum plant and the citizens of Hyrum are delighted with the service.

The same quick service was rendered to Logan City. The board of city commissioners passed a resolution requesting Mayor P. A. Thatcher to negotiate with the Utah Power & Light Company to supply service to all patrons of the City Municipal Plant, residing east of First East street. This request was necessitated by reason of the extreme shortage of water. With all the dispatch that could be given with the well organized force of line men of the Utah Power & Light Company and able assistance rendered by Supt. Maughan and his men, Logan City, east of First East was connected up and the patrons of the city are delighted with the service rendered by the private corporation and the citizens of Logan City as well as the city officials appreciate the courtesy extended and the friendly disposition manifested.

From authoritative statements the Utah Power & Light Company are now pulling from 25 to 35 per cent of the city's load—with this relief the remainder of the load was adequately taken care of by the local municipal plant.

### AT LYRIC THEATER FRIDAY AND SATURDAY

A three cornered struggle for an innocent woman participated in by her husband, an intriguer and the victim of a former successful coup by this crawling snake forms the basis of the thrilling story of "The

Mummy and the Humming Bird," in which Charles Cherry, the distinguished Frohman star, is introduced to the motion picture public in a Paramount picture produced by the Famous Players Film Company. This screen adaptation of the play by Isaac Henderson, which is the attraction at the Lyric theater Friday and Saturday of this week, abounds in suspense, in scenes of gripping intensity and in moments of breathless dramatic thrill, as three strong wills class in the struggle for mastery.

## STUDENTS BACK TO SCHOOL AT B. Y. COLLEGE

The after holiday school at the Brigham Young College is very busy. Very nearly all the student body was back for work on the Monday following the vacation.

President Jensen, Professor Hickman and Miss Hansen have occupied the devotional periods during the week.

The regular basketball team of the Brigham Young College is to play its first game of the year—its first game this year, in competition with other schools. The team of the East Side High School of Salt Lake City will be in Logan and will play in the B. Y. C. gymnasium, Friday night. This Salt Lake team has been doing exceptional work in its gaming this season; they have, in fact, carried practically everything before them and will make the B. Y. boys work for each point they may make.

The active season for the B. Y. C. High School basketball team is practically over unless the much talked of trip to Evanston materializes. The Evanston High School wants a game. The game with the Weber Academy has not yet been played. The agitation is to arrange a game with the Wyoming team and play the Webers en route.

The athletic girls are agitating too. They want to get busy and "do" big preparations for a dance in the Auditorium on Monday, January 10.

This is drama year at the College. "The Man From Home" is the play decided on. Arrangements are being made for the manuscripts. The tryouts will be given in a short time.
